Harry,

How have you been doing lately? Is "HIGH TREASON II" ready to hit the shelves yet? I'm just curious.

I found a guy you may be interested in. He was in charge of the Navy casket team. His name is George Politz and he was a Navy Lieutenant at the time. He now lives in Maryland and works at Larry Beck's. You can reach him at 265-7200. I have not talked to him about the assassination so you should be the first.

What do you think about the tramp information? It really is something isn't it? I found Harold Doyle and before I could call you I saw him on television. What luck huh?

I just sent a six page letter to Harold in an effort to make amends for everything. It took me since October to finish the letter but I feel better now that I mailed it.

How has your health been? Are you resting up for your book tour?

Well, I hate to bring this up but in October you told me that you would have some money for me in February. Well it's February. Why? Do I owe you?

I am working on a manuscript if you would be interested in over. It doesn't violate our contract because it is biographical in nature. I will show it to you when it is done but for now I won't bother you with the details.

MARK

Is the snake still working with you or has he beared his fangs? You know who I mean! All I can say is I tried to warn you and I got burned.

Have you heard from Jack Shaw?

Well I hope to hear from you soon.

Your pal,

Richard "O. H. Lee" Waybright
